participation** : -

*NAL Project No.*  
NT-9-873

**Sponsor** :

*Sponsor's Project No.*

**Approval** : Head, Aerodynamics Division

**Remarks** :

**Keywords** : Schlieren, Flow Visualization

**Abstract** : This specification describes the technical details for a  
conventional schlieren system for flow visualization in the  
0.6m Transonic Wind Tunnel of the National Aeronautical  
Laboratory, Bangalore.

This specification is drawn based on 0.41m diameter of field  
of view.
